Status: New	Reported by thibault.houdeville, Jan 14, 2	014	
Owner: Type-Defect Priority-Medium	nat steps will reproduce the problem?  Just start Matclipse .		
	What is the expected output? What do you see instead? I guess i should see nothing, instead it says "Matlab Communication Error" Moreover, if i try to execute a script it says "Matlab is busy. Try again late busy. Directory change not possible".		
	I guess i should see nothing, instead : Moreover, if i try to execute a script	it says "Matlab Communicati	
	I guess i should see nothing, instead a Moreover, if i try to execute a script busy. Directory change not possible".  What version of the product are yo I use Eclipse 2.0.1.20130919-0803 and I	it says "Matlab Communicati it says "Matlab is busy. T <b>u using? On what operati</b> Matclipse 0.5.0.20111116131	ry again late  .ng system?
